Measles can be a serious and life threatening illness. As a public health measure and in accordance with the Centers for Disease Control guidelines, the University requires verification of measles (Rubeola) immunity for all students born after December 31, 1956.

Proof of measles immunity means:

1. Two doses of measles (Rubeola) vaccine received after one year of age, at least one month apart, *or*
2. A blood test showing measles (Rubeola) immunity, *or*
3. Diagnosed measles (Rubeola) disease (health care provider's signature required).

If you do not have documentation of measles immunity, you can:

1. Obtain measles immunization(s) or get a Rubeola titer (blood test) from your private health care provider or public health department.
2. Obtain the measles immunization or Rubeola titer (blood test) at our medical clinic when you arrive on campus at a reduced cost. Call 509-335-3575 for information about costs.

If you have medical, religious or personal reasons to be exempt from this requirement, please call us at 509-335-3575.

3. Submit this form & copies of records to Health & Wellness Services.
