**Telehealth at a glance:**
- Provides Medical Doctor on-call coverage when the Student Health Center is closed
- Board Certified Physicians licensed & residing in the US
- Available on many devices (smart watch, smart phone, tablet, computer, landline*)
- English & Spanish speaking physicians - translation services for 170+ languages.
- Medical visit information kept confidential.

**Did you know?**
Over 70% of ER, urgent care and doctor office visits can be safely handled over the phone.

**Remote Access to Licensed Medical Doctors with HealthiestYou**

We understand life happens at all hours of the day and night. We’ve partnered with HealthiestYou, an innovative nationwide telehealth service, to provide your students with round-the-clock access to board-certified physicians via phone and/or video chat* when the Student Health Center is closed.

Callers may be offered a consultation, diagnosis and treatment plan via phone and/or video chat with a licensed MD. If a medication is prescribed, the prescription will be sent electronically to the caller’s preferred pharmacy. This service is especially helpful for common illnesses (bronchitis, strep throat, pink eye, etc.) and is included with your UHCSR insurance plan.

HealthiestYou also offers Geo-Fencing via the HealthiestYou smartphone app for UHCSR members. If a member is in an Emergency Room or Urgent Care Center, they could receive a notification via smart phone reminding them about this benefit.

**How it benefits your students:**
- No appointments necessary
- No consultation fees for UHCSR Members**
- $40 consultation fee for non-UHCSR members
- Less than 10 minute average wait time to connect with doctor
- 13 minute average consult time
- Available while traveling within most US states

**How it benefits you:**
- Decrease health plan utilization
- No claims filed

*Telephone services and/or video chat availability is determined by state requirements.
** When services are obtained during the policy effective dates.

HealthiestYou is not health insurance. HealthiestYou is designed to complement, and not replace, the care you receive from your primary care physician. HealthiestYou physicians are an independent network of doctors who advise, diagnose, and prescribe at their own discretion. HealthiestYou physicians provide cross coverage and operate subject to state regulations. Physicians in the independent network do not prescribe DEA controlled substances, non-therapeutic drugs and certain other drugs which may be harmful because of their potential for abuse. HealthiestYou does not guarantee that a prescription will be written. Not available in Arkansas; limited services in California, Idaho, Iowa, Louisiana, and Texas.
